# Parade Etiquette

We are so excited that summer is here - and that means parades are near! We wanted to take a moment to remind our parade-goers about some important rules and etiquette to help keep these events fun and safe for everyone:

- The golden rule is "bums on the curb, feet in the gutter". The parade needs the entire width of the street for entries and the outer parking space area for operations and emergency vehicles. **Please make sure yourself and your children stay on the side of the road.** Participants are instructed to hand out candy, not to throw it from vehicles or floats, to avoid children running into the street for these items.
- Please do not cross the route after the Parade starts.
- It may be cool when you first find a place to watch the parade, but it quickly heats up during our summertime parades. Heat exhaustion is very dangerous so remember water, a hat and SPF 30 sunscreen.
- Yes, it's hard to find a parking spot for a big fun parade but blocking someone's business or a resident's driveway is absolutely unacceptable.
- It should go without saying that leaving your litter behind is just plain disrespectful of the very public property to which you've been given the opportunity to enjoy such events. Clean up your mess. ...and teach your children the same.

# Yards of Distinction Reminder

There's still time to enter! If you or someone you know has a beautiful yard, please consider nominating them for this great award. Details and entry forms are available online at [www.waterloo.il.us](http://www.waterloo.il.us). Entry forms are due June 21<sup>st</sup>.

**Reminder:** The City of Waterloo is transitioning to a new metering system for electric, water and gas. City employees will be installing the new equipment and new meters in all households and businesses. You will be notified when each meter is changed at your home by a door hanger.
