PETITIONS:

P-23-06-01 Review and Comment on updates to the 2018 Comprehensive Plan.

It has been five years since the Planning Commission has discussion the Comprehensive Plan and it may be a good time to revisit the plan to see if any adjustments should be made to the Future Land Use Planning map. The Future Land Use Map is a helpful reference in determining possibility of new developments depending on received petitions and requests. The Planning Commission agrees there may be a few areas within the city limits that could possibly be updated on the Future Land Use Planning map but want to make sure that we're thinking correctly before updating.

The Planning Commission agrees to set aside meetings with few petitions to discuss the future land use ward by ward within the city.

After tonight we will move Comprehensive Plan discussion to old business and potentially discuss after current month's petitions.

COMMENTS: Discussion about moving Planning Commission meetings to 7:00PM as opposed to 7:30PM.

Motion to adjourn the meeting at 8:57 PM was made by Lutz and seconded by Youngs. Motion carried.
Minutes respectfully submitted by Lauren Voelker.
