Events

Many community events are currently cancelled to comply with the Restore Illinois Metrics and to follow Social Distancing measures in an effort to help prevent the spread of the Coronavirus. Please do your part to follow these mandates, so that we can keep our community safe, and return to our "normal" lives as soon as possible.

Visit the city's website for details and contact information.

Urgent Care Now Open in Waterloo

Waterloo Urgent Care Walk-In Clinic is now located at 907 North Illinois Route 3 (formerly occupied by Payless Shoe Source). The clinic is open 7 days a week from 8:30am - 9:00pm. No appointment is necessary. Telemed visits are also available if you do not wish to be seen at the clinic.

Visit their website for more details:
urgentcarewaterlooil.com.

Welcome

The City would like to welcome the following new businesses to our community:

ATI Physical Therapy (new location)
180 Waterloo Commons Drive

Remember to support local businesses and shop Monroe County first.

Spring Time Reminders

Spring is right around the corner! We would like to remind you of a few items before you begin your Spring projects...

Know what's below. Call before you dig.

-- Call JULIE Before You Dig --

Before starting a project this spring, remember to avoid personal injury and damage to your utility lines by contacting JULIE. State law requires that you contact JULIE (Joint Utility Locating Information and Excavators). This not-for-profit corporation provides homeowners and professional excavators with one place to call for safer digging. The call and services are free.

Simply go online and visit www.illinois1call.com or call 811 or 1-800-892-0123. Within two working days of receiving your request, your underground utilities will be marked with different colored flags, stakes or paint, indicating what is below.

-- Building Permits --

Please keep in mind that building permits are required for all new construction, additions, and accessory structures over fifty square feet. This includes porches, decks, swimming pools and storage sheds. Permits are not required for fences, but fencing heights, setbacks and easements must be taken into consideration. Again, as stated above, always remember to call 811 for utility marking prior to any digging or excavation.

Commercial building permits are required for all new construction, additions or structural, electrical or plumbing modifications. Commercial building permits are also required for change of occupancy. The best thing to do before starting any new project is to give us a call first. It could save you a lot of unnecessary hassle later!

-- FREE Mulch and City Yard Waste Site --

The City Yard Waste site is available to **city residents** for **yard waste only**. Do not dump any other trash at this site. It can cause serious damage to the tub grinder, which is the machine that processes this waste into usable mulch. There are surveillance cameras at the yard site. The mulch is available to you for free, so feel free to come get some to freshen up your landscaping this spring!

Save the Date

Household Hazardous Waste Collection

The City of Waterloo, along with Monroe County, the City of Columbia and the Village of Valmeyer, is co-sponsoring a Household Hazardous Waste One Day Collection through the Illinois Environmental Protection Agency. The one day collection will be held on Saturday, May 22 from 8am to 3pm at the Monroe County Fairgrounds and is open to all Monroe County residents. This collection event is for **Personal Household Hazardous Waste Only**. For a list of items that will be accepted, please visit our website at www.waterloo.il.us.

NOTE: If the Monroe County Health Department needs use of the fairgrounds for a COVID vaccination clinic on May 22, the COVID clinic will take priority and the hazardous waste collection will be postponed. Please check our website and/or Facebook page for updates as the date gets closer.
