Meeting called to order at 7:04pm

1. Petitions by Citizens on Non-Agenda items – None
2. Water Service to Steve Wilke's property located off Rogers Street between Remlok and Natalie Estates – Discussion was opened to allowing Steve Wilke to have a private water service line through another private property. As far as the council knows there is not a service line through another private property to get to another private property. I.E. the service lines come from the main that is in the city easement and then directly onto the property that is owned by the person that is using the water line. After much discussion Alderman Matt Buettner made a motion to allow Steve Wilke to get a private easement through Mr. Wightman's property off of Louise Lane. The City's responsibility would end at the curb stop on Louise and the rest of the line would be Mr. Wilke's if there were any future problems to fix. The stipulations provided in this Motion are required to be in the pre-annexation agreement, and the Water-Sewer committee would only allow this tap in as long as Planning, Zoning Board of Appeals and the City Council approve the entire pre-annexation agreement. Alderman Joel Vogt Seconded the motion. Alderman Russ Row, Gary Most and Kyle Buettner in favor. Alderman Jim Hopkins opposed the motion. Motion passes.
3. Comments – none

Motion to adjourn the meeting made at 7:32pm by Russ Row, Seconded by Kyle Buettner – All in favor. Meeting adjourned.
